

BOOKS RECEIVED
(updated Winter 2012)

The Review of Radical Political Economics welcomes and actively recruits reviews of significant books that are of interest to RRPE readers. Contributors are invited to prepare reviews of books on the following list, which we have received from publishers interested in having reviews appear in the RRPE. Contributors are also welcomed and encouraged to prepare reviews of significant books not on this list but that are of interest to RRPE readers. RRPE publishes three different types of reviews: **1.** Reviews of individual books, both books on the following list which have been received from publishers, as well as books not on this list that are related to radical political economics. These reviews should be 1200-1500 words in length. **2.** Review essays encompassing three or four books that bring together an important literature in significant areas for political economists. These reviews should be about 2500 words in length. **3.** Ambitious examinations of bodies of literature that should be better known by RRPE readers. These reviews should also be about 2500 words in length. Please contact the RRPE book review editor, David Barkin, for assistance in obtaining review copies of books. More detailed instructions will accompany the book when it is sent. The book review editor and one other member of the Editorial Board serve as referees of reviews of single books. Reviews should be submitted within sixty days of receipt of the book. All reviews should be submitted in both electronic and printed form to the RRPE Managing Editor, Hazel Gunn.

Book Review Editor, RRPE:
